Subject: Docket Number SW-01303A-08-0227

Frank D. May

AAW have demonstrated in their own presentation that our sewer rates are already some \$11.26 higher then next paying district in our area and \$20.98 then the lowest paying district in our area. Even at the current rate of \$49.65 or \$595.80 per year this by far and away the highest sewer rates that I am familiar with.

UTILITY COMPLAINT FORM

It is my understanding that a lot of the capital expenditures are detailed in AAW Rate Increase Proposal are a direct result of their major expansion into other residential subdivisions which as a result of current economic conditions have not proceeded and AWW is now looking to their current customer base to help carry their costs.

However the above comment aside, any increase in my mind is not justified given the rates charged in other areas and certainly an increase of 79.46% is unconscionable. I urge the Commission to turn down AAW's application.

End of Complaint

Utilities' Response:

Investigator's Comments and Disposition:

I called the customer @ 12:34pm. I provided my name and and acknowledged his ACC Public Form dated 12-31-08 and expressed thanks for taking the time to express his OPINION in this matter. I advised his opinion would be noted as a permanent record in this rate case and would be considered before a decision is rendered in this matter.

I e-mailed this OPINION to Carmen Madrid @ ACC Phx Office to have this docketed toward the MOHAVE WATER AND WASTEWATER DISTRICT System of Az American Water, Docket Nos. W-01303A-08-0227 and SW-01303A-08-0227. File closed.
